

APPENDIX 1 FINANCIAL PROVISIONS AND CONDITIONS

Financial provisions and conditions for the YEP partner as referred to within the YEP context.

Article 1 Responsibility

The YEP partner always bears the responsibility for the safety and wellbeing of Young Experts seconded by the organisation. Neither the Netherlands Water Partnership (NWP) nor the Ministry of Foreign Affairs can ever be held liable for their safety and well-being. Travel advice from the Netherlands Embassy regarding safety will be followed.

Preference is given to the use of cost centres in the ledger as it allows assigning a specific cost centre number to the programme.

To ensure an efficient internal control or audit of records, a specification of the costs should be available, and the underlying invoices or copies of invoices and other documents need to be included in a project file. A detailed printout from the automated accounts can also serve as an adequate specification.

The project file shall contain the following documents:

2. Signed secondment or employment contract

After the progress report is approved the advance for year two will be transferred (95% of the awarded annual grant for the second year).
